## About Somfy

Somfy's leading smart management solutions for homes and buildings have been improving people's daily lives for over 50 years. Developed with comfort, ease of use, security and sustainability in mind, our innovations automate and connect rolling shutters, curtains and blinds, gates and garage doors, lighting and heating, alarms systems and more. We are committed to creating useful solutions that are accessible to all, designed for today and beyond.

Somfy's curtain motorisation enhances your home and lifestyle with smart technology that blends seamlessly into any interior design scheme.

Infused with French quality and style, Somfy Smart Curtains protect your privacy and provide you maximum indoor comfort at all times without having to think about it. Make your life more comfortable and convenient, at home or away.

Our solutions are ideal for all areas in your home, particularly suitable for hard-to-reach windows, such as high ceiling and deep-sill windows.

A BRAND OF **SOMFY** GROUP

# CONSIDERING MOTORISED CURTAINS?

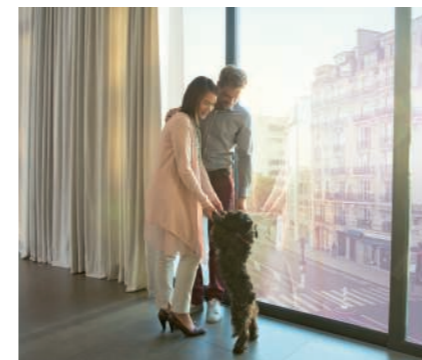

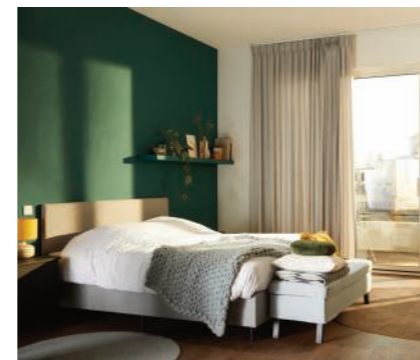

## Discover Somfy's Smart Curtain Solutions.

# A SOLUTION ADAPTED to your home

We know that every home is unique, so we offer different options to suit different interiors. All Somfy solutions combine smart technology with timeless French design to bring style and comfort to your house or apartment. Our new WireFree motors provide an easy-to-install solution which requires no wiring at all and preserves your décor.

**Movelite™** is an elegant and accessible solution for everyone, while **Movelite™ WireFree** is a battery-operated alternative. For a premium finish, **Irismo™ WireFree** is the quiet option with no need to pre-wire, whereas **Glydea™ ULTRA** is the ultra-quiet, premium solution.

## HOW TO CONTROL YOUR SOMFY SMART CURTAINS?

**Make your daily life easier with TaHoma® switch\*, Somfy's new smart control, to centralise and connect your home equipment.**

### Control your devices in different ways:

- In a touch on the smart control buttons.
- In a tap on your smartphone.
- By voice, with a compatible voice assistant.
- Automatically, using sensors or time-based functions.

### It enables:

- Centralisation in a touch.
- Control of your devices from home or remotely.
- Remote monitoring and status updates via the TaHoma application.
- Scalability, with a wide range of Somfy products & compatible partners.

### Compatible with:

\* Please check the available connected devices on your market.

The TaHoma application is available for Android and iOS.
